

Activity: **Sound Scavenger-Hunt**

Voice and Body sounds

What sounds can you find just using your body and voice?

- ★ Can you: **clap, stamp, pat down your arm, rub your hands together?**
- ★ Can you: **shout, laugh, whisper, growl, blow a raspberry?**
- ★ Can you: **discover anything else?**

Activity: **Sound Scavenger-Hunt**

Sounds in an **everyday environment**

How many sounds can you find in the room you're in? Make sure you stay safe whilst exploring!

- ★ Can you: **tap the floor, knock on the door, find a squeaky cupboard?**
- ★ Can you: **draw the blinds back and forth, scrape your chair, tap a shelf with different materials?**
- ★ Can you: **discover anything else?**

Activity: Sound Scavenger-Hunt

Sounds **with instruments**

You may already have an instrument, can you find any new ways to make sounds on it?

Remember to look after your instrument!

- ★ Can you: **tap the material, wiggle the keys without blowing down it, sing through your instrument?**
- ★ Can you: **tap a shaker against different materials, scratch the surface of a drum, twist bells instead of shaking them?**
- ★ **You could make an instrument, a rice bottle shaker or tissue box guitar!**

Activity: **Sound Scavenger-Hunt**

Think about the different sounds

Is there a favourite sound you've discovered?

- ★ Can you tell the difference between high and low sounds?
- ★ Which do you prefer?
- ★ Can you tell the difference between loud and quiet sounds?
- ★ Can some sounds get louder or quieter?
